Meeting called to order: 3:05pm

- **3:05-3:14: Senior Activities Bell Schedule (John Tung)**

John Tung thanked SSLT for calling a special meeting to consider the schedule change. In past years there were 47 minute classes and a 1, 2, 3, 4, Lunch, 6, 5 schedule. But this year we do not have the same facility as before. Instead of the gym we will be using the smaller foyer of the PAC, so minutes were added. This would lead to problems of transition for the cafeteria workers, switching from breakfast for seniors to lunch.

The switch to a reverse 6, 5, 4, 3, 2, Lunch, 1 schedule would help with that but also would solve issues of underclassmen leaving campus at the same time seniors leave. We have sold 3200 yearbooks; 600 are going to seniors so the early distribution schedule will help the yearbook students move the other 1700 books out to the rest of the students.

Julie Curry asked about the need for an early schedule. John Tung answered that the schedule is needed so parents do not have a delayed pickup for their child and allows volunteers to leave at a more reasonable time.

Julie Curry also brought up an issue from Link Crew. The schedule would have an impact on their ice cream social. John Tung offered to have yearbook students help with the setup.

SSLT approved the proposed June 7th schedule by consensus
