

Present: Ray Mynster, Michael Feraco, Kathy Yamane, Joan Stevens, Tricia Xu, Amy Wang, Jonathan Kwok, Catherine Merel, Jennifer Lashier, Brian Zurla, Julie Curry, Craig Wiblemo, Oliver Beckwith, John Tung, Terri Darr, David Vanasdall, Niroo Dev

Meeting called to order: at 3:08p.m.

- Last month's suggestion on changing times for *Back to School Night* was tabled. (Most 6th periods saw a sharp drop in parental participation, after 9p.m.)
 - David asked the PTSA (parental input) about 6:30 for the start of Back to School Night and they were majority against an earlier start time, parents have a hard time to get from work to school. Some suggested a shorter meeting at the beginning.
 - If David cut his presentations to 23 minutes and classrooms started at 7:30 and passing is 6 minutes then we finish at 9:00pm. This has been agreed on by the group.
- Stephanie Harvey will total the paper copy totals by department at the end of each month and send it to the SSLT chairs to share. The idea is to monitor which departments are using paper too much. Historically, AHS has a paper budget problem.
- Terri Darr volunteered to be chair for next year, Joan Stevens also volunteered. Joan and Terri will serve as co-chairs.
- Parent SSLT Representatives Kathy Yamane and Niroo Dev and are elected by SSLT to be the voting members for the parent membership. The other parents on the SSLT list will be the alternates. Kathy will serve for one more year, and Niroo has been elected for 2 years, thus satisfying the requirement of staggered parental involvement.
- Terry is scheduling meetings for the fishbowl conference room in the front office. Starting November we will no longer meet in Room C1.
- Joan has a question with meeting dates. Wonders if it would be better to have it on a different week than that of staff meetings. We would have to pull out the entire meeting schedule to see where it would not conflict. However, there is a master calendar and there are conflicts in every week. At this time, meeting dates stand.

Meeting adjourned at 3:30pm
