

Arcadia High School School Site Leadership Team Minutes

Wednesday, January 13, 2016

3:00-4:00 p.m.

In the "Fishbowl," Conference Room A-1

Meeting called to order 3:03p.m. by Barb Young

Attendance: Barbara Young, Brent Forsee, Debbie Young, Phuong An, Sharon Sandoval, Tonya Edwards, Travis Chen, William Kyi, Kathy Yamane, Ashley Novak, Jennifer Flores, Joan Petersilge

Last month, December 2015, we participated in the "Uber" WASC meeting during our meeting time.

Snacks provided by Barb Young

A. SLO/WASC Update-(Brent Forsee)

- 1) In the past four years, we have approved these as ESLRS - now rewritten as SLO. Mostly during WASC we have been looking at the critical areas of need at AHS.
 - a. For instance the top two priorities remain- Looking at the D/F grades which have still maintained at a same level - William Kyi says that as he was looking at the data - subjectively it appeared that the students were the migratory incoming 10 graders who came in with D/F grades. We need to look at the data again.
 - b. Link Crew was initiated with these students in mind, but note that there is an 85% participation rate of ALL INCOMING Freshmen- What are other things we can do to help struggling students.
- 2) ATTACH the SCHOOLWIDE LEARNER OUTCOME revised January 4, 2016 document.
 - Ashley Novak would like to revise Capable and Responsible citizen who PRACTICE a healthy lifestyle that balances intellectual, physical and aesthetic creative activities.

ACTION PLAN: Send to APPROVED SLO to WASC Committee as written.

B. CLEAN UP LUNCH BELL -(Barb Young)

At the last meeting, Jeanne Ackerman brought up an item about the mess that the students leave after lunch. It was proposed that perhaps we should have a 5 minute pre-warning clean up bell. Dr. Forsee doesn't think it should be a good idea just to jump into placing a bell into the schedule. Everyone on campus would be confused. Discussion ensued. Perhaps after finals, personnel will take a picture of the campus after lunch. 2 days/2 weeks. We will look at the data collected. We will discuss at next meeting as to what step to take next.

ACTION PLAN: Personnel will collect data, take pictures of the campus after lunch for 2 weeks - DATA COLLECTION

OLD BUSINESS

- 1. Noticed that an elderly gentleman comes on campus after school to collect recyclables for the past 3 years. RESOLVE: ASB will try to put a recyclable container in the rally quad and pick up recyclables.**
- 2. Stipends- Ashley has collected data on the various groups that receive stipends, the various groups that should receive stipends, etc. Seeing that we no longer have a Faculty Congress, contact will be made with ATA to see if SSLT will take over the duties of the Faculty Congress.**
- 3. J Building Safety - Alarms and lock changes and other adjustments will be made to the building.**

Adjourned 3:43p.m.

Respectfully submitted,
Kathy Yamane, secretary
